2014

## EXPERTISE

- HTML, CSS, Bootstrap
- C#, PHP, Laravel, Python
- JavaScript, JQuery
- Android, Java , C, .NET
- MySQL, XAMPP
- WordPress, Wix
- REST API, AI , Git
- Photoshop, Unity

## CAREER OBJECTIVE

Motivated and detail-oriented IT student seeking an internship to contribute to innovative projects in a dynamic, collaborative environment. Passionate about transforming ideas into practical solutions, I am eager to gain hands-on experience, enhance my technical skills, and support the team in achieving key objectives while growing professionally.

## PROJECT EXPERIENCE

### ○ Daily Task Management System - Laravel

Designed and developed a comprehensive daily task management system using Laravel, seamlessly incorporating CRUD operations.

### ○ E-Commerce Web Site - WordPress

Developed a dynamic e-commerce website using WordPress, featuring seamless navigation, visually appealing layouts, and user-friendly interfaces.

### ○ Inventory Management System - Java

Developed an Inventory Management System using Java. This project serves as a comprehensive solution for efficiently handling inventory-related tasks, such as monitoring stock levels, recording product details, and generating reports.

### ○ Library Management System - Java

Developed a Library Management System using Java that streamlines the organization and administration of library resources. This project offers a user-friendly platform for librarians to efficiently manage books, patrons, and borrowing transactions.

### ○ Library Management System - Android

Developed a Library Management System using the Android platform. This application empowers librarians and users alike by offering features such as easy book search, checking availability, reserving books, and keeping track of borrowing history.

### ○ Landing Website - PHP

Developed a fully functional website, utilizing HTML, CSS, and JavaScript for a responsive and interactive user interface. Implemented backend functionalities using PHP, user authentication, and dynamic content generation.
